

Funky Hannah's welcomes

# Shelley Nybakke

*Two special days of classes... December 7th & 8th*

Shelley Nybakke is back at Funky Hannah's to teach two classes featuring her favorite stitch, layered right-angle weave. Treat yourself to a day (or two!) of creativity and laughter with this inspiring and fun loving bead artisan. We knew we'd love Shelley the minute we saw the quote on her business card: "If you always do what interests you, at least one person is pleased." - Actress Katherine Hepburn.

*You'll love her and these fabulous designs as much as we do!*

## Slow Hand

**Saturday December 7th 10am-4pm**

\$85, supplies not included

Intermediate Level

With a title inspired by a great Pointers Sister song – you'll have to take the class to get the full story – this bracelet is simply stunning. Right Angle Weave with 8/0s and 11/0s and a splash of 15/0s. Hidden snap clasp. You can embellish any way you want: All pearls, all crystals, firepolish...make it wide or skinny. Works great with glass or metal seed beads!

## Steamy Windows

**Sunday December 8th 10am -2pm**

\$85, supplies not included

Intermediate Level

A ½ day Shelley Nybakke class...perfect for a Sunday afternoon...This design reminded Shelley of stained glass windows. Admittedly that is sort of a boring name for Shelly and has probably been a bit overused. So in true Shelley style, Steamy Windows it is. To quote Shelley – "That name reminds me of my high school days and steamy times in a Chevy Super Sport. And of course no one describes Steamy Windows better than Tina Turner." The technique you'll learn is a layered right angle weave with a design that works beautifully for both a necklace and/or bracelet.

**Call now to sign up.**
